Pictures of the tombstones in Alma Cemetery can be found at
www.ford-mobley.com

The next several pages includes that of a working copy of Alma Cemetery. Although I copied all of the dates from tombstones, I am also trying to compile information about each person's genealogy, such as parents, spouses, etc.

If you know if any additional genealogical information that I can add, please let me know, and I'll be happy to include it.
